SUPPLEMENTARY INFORMATION:

Agenda

The primary purpose of this meeting is to make progress on the development of herring fishery specifications for fishing years 2020 and 2021. The panel will review and provide input on the Science and Statistical Committee (SSC) recommendation for overfishing limits (OFL) and acceptable biological catch (ABC) limits for fishing years 2020 and 2021. The panel will provide input on the purpose and need for this action and identify a range of alternatives to be included for consideration. The Advisory Panel will give an update and opportunity for input on actions under consideration by the Atlantic States Marine Fisheries Commission (ASMFC). They will also give an update about the status of the Industry Funded Monitoring (IFM) Amendment. The panel will give an opportunity to provide input on the Council's five-year research priorities related to the herring resource and fishery. Other business will be discussed as necessary.

Although non-emergency issues not contained on this agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
